1. There was no construction work at the Zwickau (N 51/K 34) airfield. There were no indications of intended reconditioning of the field. Truck gardeners were cultivating the area of the former Basser Aircraft Plant adjacent to the field.*

* Comment:

 construction laborers were to be sent to the field. It was assumed from this that the field was to be reconditioned. This report indicates that that assumption was false. The landing field is intact. No Soviet Air Force unit is stationed at the field.
